Botswana

Emigrating from Botswana, or have lived in Botswana at any time. Police Clearance. Go to any of the larger police stations for fingerprinting (explain it is for clearance from Criminal Records Bureau) this will take half an hour or so depending on the queue. Take your passports. We went to Central Police Station first & were told they were too busy & to try another station instead. We had success at Broadhurst. Once this has been done take the completed forms to Police Headquarters, which are behind Bank of Botswana. Ask to see someone from Criminal Records Bureau. Tell them you need clearance for emigration to New Zealand. Bring: copies of passports, copies of work & residence permits, & obviously original of fingerprint forms. Clearance should take about three to four days & doesn't cost anything. The police we dealt with were very helpful. Medical Clearance. For the Medical you need to see Dr Lambat who is in Broadhurst. Bring passports, the NZ medical forms & any immunisation cards. Bring cash & or credit card as cheques are not accepted.

First off they take blood & urine samples & you will then be sent to the Gaborone Private Hospital for the chest X rays. The Private Hospital will need to be paid directly. Once X rays are done it is back to Dr Lambats for the medical.

Container shipments – choose carefully. Kamina Kawena is unable to give any accurate information.

Customs & Quarantine

Acquaint yourself with the customs & quarantine requirements if you are moving to New Zealand. These will be provided to you when you are granted residence.

English Language Requirement

With the new rules introduced in November 2002 by NZIS regarding the English requirement for applications, all Zimbabweans must now have letters from their schools saying that they were at school for at least 5 years & the language they were taught in was English. School certificates are not sufficient any more. The schools are very co-operative as they have been doing a lot of these letters. If the letters are not provided the applications will not be accepted.

New Zealand Inland Revenue

Apply for a tax number (the first thing you should do on arrival) & essential info www.ird.govt.nz

Police Clearance

If you are having problems & it is not forthcoming or that it appears that the Police Certificate is unavailable then a Statutory Declaration may be needed to be made through a lawyer outlining what has been done in attempting to obtain police clearance – so

keep notes. If you are having trouble then contact your local NZ MPs office.

1. Get fingerprint forms – 3 each (2 required). In New Zealand the NZ Police can supply fingerprint forms (POL 605 12/99). An administrative fee may be charged.
2. Phone CID to see which police stations are able to take fingerprints.
3. Go to police station early with soap, towel & the current fee.
4. Make an appointment at the police station to have your finger prints taken.
5. Obtain an official receipt when you pay.
6. Ask the policeman who took the fingerprints to sign the forms.
7. Take the fingerprint forms to CID. Do NOT go between 10:00 – 10:30 (teatime) & 1:00 – 2:00 (lunchtime). YOU WILL NOT BE SERVED. Don't bother to get an agent to do this for you CID are efficient & helpful.
8. Complete a Form 137.
9. The Form 137 will be stapled to the fingerprint forms. Check that the receipt number is written at the top of the Form 137.
10. Police Clearance fees are as follows:
 - \$3500 – same day clearance
 - \$2500 – clearance within 2 working days
 - \$2000 – clearance within 7 working days
11. You may send anyone to collect your police clearance or you may opt to have CID post the documentation to you.
12. Make sure the CID have spelt everything correctly – names, birth dates, etc. – mistakes that will hold up your application.
13. Criminal Records Dept phone: Harare 700171 ext. 3121 is very helpful

Police Clearance Other Countries

If you have lived for periods of 12 months or more in any other countries during the last 10 years, you must obtain additional police clearances from these countries, & also your country of citizenship." Available information also indicates that if you hold a passport other than a Zimbabwean passport, you may need to apply for police clearance from that country, even if you have never lived there – this information is unsubstantiated.

United Kingdom Request a 'Person Record: Prosecution/Criminal History' form from the National Identification Service Room 1229 Metro Police Service London SW1 HOBG. Ph: (020) 7230 4028. Complete the form & sent it together with £10 (GB Pounds) per person; original ID (e.g. Zimbabwean National Registration); proof of present NZ physical address, e.g. a utility bill addressed to the applicant at NZ address. Reply takes +/- 40 days.

Scotland Request a "Scottish Criminal Record Office Subject Access Request" from the National Identity Service.

Botswana Go to any of the larger police stations for fingerprinting (explain it is for clearance from Criminal Records Bureau) this will take half an hour or so depending on the queue. Take your passports. We went to Central Police Station first & were told they were too busy & to try another station instead. We had success at Broadhurst. Once this has been done take the completed forms to Police Headquarters, which are behind Bank of Botswana. Ask to see someone from

Criminal Records Bureau. Tell them you need clearance for emigration to New Zealand. Bring: copies of passports, copies of work & residence permits, & obviously original of fingerprint forms. Clearance should take about three to four days & doesn't cost anything. The police are helpful.

Police Clearance Applying from Outside Zimbabwe

The Zimbabwean authorities state that the procedure is the same for people applying from overseas though payment & revenue stamps could prove a problem. Ph: Harare (04) 700171, PO Box CY683 Causeway Harare.

Zimbabweans already in NZ who have sent the forms to friends **in Zimbabwe** have obtained police clearance. The process has been efficient & simple. If you apply from NZ – go to your local Police Station & request that they take your prints on a Form POL 605 12/99 & send with your application. If you go to have your fingerprints taken here in New Zealand – you have to have them done on a NZ form. You can then have certified copies taken in case your original gets lost in the post. Ensure the picture in your passport really does look like you & that your signature is the same. Take as many forms of identity as possible.

The Zimbabwean Embassy in Australia also takes applications for Police clearance. EMPLOYMENT

When contacting anyone below don't forget to tell them you found them in Kamina Kawena.

Tips

- **Don't expect** to be able to organise a position from outside NZ.
- **Don't ask** agencies to line up interviews before you arrive – there are too many variables involved with immigration & your plans may change.
- **Take every opportunity** to become computer literate.
- **Research the market** thoroughly using websites for information companies, culture, towns etc.
- **Help yourself** by finding out from your recruitment consultant how to write your CV for the NZ environment.
- **Improve your chances** of employment by doing courses & getting additional licensed driving categories i.e.: heavy duty.
- **Fewer than 30% of all vacant positions are advertised**; the vast majority of jobs are filled by one or another form of networking.
- **Be prepared** to take on part time employment before you find that perfect job. This will tide you over, & give you the added benefit of 'Kiwi Experience' on your CV.
- **Network**

HOUSING & PROPERTY

Whether renting or buying you should shop around estate agents.

When buying you may approach or be approached by Mortgage Reduction Companies. A number of institutions make promises about how they can save you money on your home loan. In reality, there are only two ways that you can reduce your interest charges over the term of your loan; either you pay a lower interest rate, or you can increase your monthly repayments. There are facilities available with banks that allow you to repay your loan more quickly. This can be achieved without the assistance of Mortgage Reduction Companies, & the cost that comes with it (usually \$3,500), to obtain this facility. Professional Mortgage Broker/Advisors do not charge the client to obtain this facility. The financial institution pays the Broker/Advisor. Please take care when choosing Financial Broker/Advisor, they should not be charging you direct. (Info supplied by Marion Herbert at Moneyworkz Ph: (09) 419 9399)

Accommodation – renting jargon is slightly different in New Zealand. The bond is the one off payment to the landlord, which is lodged with the Bond Centre & will potentially offset any damage to the property, discovered when the premises are vacated. Rent can be weekly, fortnightly or monthly, & landlords may require that you set up a direct debit from your bank account rather than accepting a cheque.

Firearms importation is fairly easy – see the NZ Police website at www.police.govt.nz/service/firearms/infosheet02.php for details. If you have a query contact Hugh Bomford, hbomford@clear.net.nz

MISCELLANEOUS USEFUL TIPS & ADVICE

Anyone who wishes to comment or contribute to this section, please do not hesitate to write to Kamina.kawena@xtra.co.nz

- If you are invited to "tea" – it means that you go for dinner & if you are asked to bring a plate it means that you bring some food. If it is your birthday you "shout" your workmates cakes, beer, whatever i.e.; you bring a plate to work (good idea to let them know in advance & some may shout you).
- If you smoke – give up – it is a very expensive habit in NZ & is unsociable.
- Zim passport holders currently do NOT have to pay for work permits nor for visas for children to attend school. (All other nationalities do have to pay)
- Immigrating to NZ is not a closed shop – most things are possible as long as you are prepared to be persistent but it does make life a LOT easier if you have qualifications in the required areas. The current government **are** showing sympathy towards migrants from Zimbabwe.
- Do not apply for refugee status to gain access to NZ – currently Zimbabwe is not recognised by the U.N. as having a refugee problem so the NZ govt **will not** grant you refugee status. If your application is refused you will be sent back to Zim & will not be allowed to apply for residency.
- You will pine for home & family left behind. This is normal. Best advice if you are serious about staying in New Zealand is do not regret what "might have been", don't look over your shoulder, look forward to your new future. & THINK POSITIVE.
- Take a proactive approach to seeking employment. Many people find they have to drop down a rung on the corporate hierarchy to get their first job in New Zealand.
- Hire a fridge/freezer when you first arrive. It may be better to rent for \$35/month than to commit to a risky 2nd hand one. By renting you get repairs for free.
- Best bargains are to be found at Salvation Army shops & "Garage Sales". "Garage Sales" = cheap sales from peoples homes at the weekend & are advertised in the local papers.
- Do not get involved in property transactions without consulting a lawyer *before* you sign the offer. The contract/property laws are different & complicated & the terminology is confusing, e.g. **settlement & bond** mean different things here than in Zim/SA. Unless you are an expert in English law you will not know what you are buying when it is leasehold or freehold or a cross-lease.
- Zim 'winter clothing' is generally not good enough in NZ. Remember to wear layers of clothes, keep your head & feet warm, & get polypropylene underwear – usually not very expensive.
- Oil column heaters are expensive to run – check with your power supply company for advice on power saving information. TrustPower give out good advice Free ph: 0800 87 87 87. Firewood is the cheapest heating & if you have a "wetback" (heat exchanger) fitted to your fire you cut your power costs to heat your water as well.
- Avoid getting involved in scam businesses – pyramid sales & the like, check it out – **if it's too good to be true then it's most likely a scam.** Check the Ministry of Consumer Affairs

www.consumer-ministry.govt.nz or the Consumer Institute www.consumer.org.nz/

- Do not expect handouts in NZ – you will be competing on the open job market.
- Electrical goods from Zim will work fine in NZ, but the plugs are different & you will need to change them.
- Do NOT just rely on interaction & friendship with other Zimbabweans when you get to NZ. If you cut yourself off you will not be happy – your objective is citizenship so mould into the NZ ways. You don't have to loose your heritage or identity but you will not recreate what you wanted or had in Africa here in NZ. Set a good example – make it easy on yourself & for others following – don't mess up by giving us a bad name.
- No banking history – Westpac Trust will open a Save & Win account with no history required.
- Smith City will give credit for furniture items up to about \$2500 with a small deposit – also creates credit history for you.
- \$2 Shops are a cheap place to pick up basic kitchen items when cash trapped & starting out.
- 'RD' in addresses means Rural Delivery
- You may be allowed to bring certain seeds into NZ. You must declare it & you must have the species specific name, i.e.; the Latin or specific name & be certified seed.
- Insist on a written contract when obtaining a job setting out all conditions of employment.
- It is vital to thoroughly review your CV & re-vamp & improve where necessary.
- When buying a business insist on **thoroughly** checking it out yourself – a number of people are being burned as a result of inadequate investigation of what they are purchasing/leasing. Spend money with a professionals who can help you – engage a lawyer as well as Credit Management International – people who can help you to reduce the risk – see Africans in Business above
- Ensure that you have the sufficient funds required to enter NZ – (NZ\$3000 per person) or you may be denied entry.
- Make sure that you find out, with accuracy, any visas that you may require while in transit to NZ – Australia for instance. Some travel agents seem to be making errors, so check with embassy of any countries that you intend to travel through
- There is crime in New Zealand. Remain vigilant.
- There are not many bugs here but watch out for the white tailed spider, a migrant from Australia, it is up to 15mm long & can pack a nasty bite that can be very slow to heal. If you get bitten you may get blistering & ulceration – see a doctor.

Rhodesian Snippets Sable Publishing House is a Rhodesian owned business operating out of Somerset, UK. They are compiling a publication of "snippets" of interest, gathered from various contributors -- from 1880's through 1930's, 40's and 60's all the way to the end of Rhodesia. It is planned as a fun memory to include Spud, swollen rivers, early mines, gold fever, riding the ranch, building the barns, pellet guns and 'katties,' milling chibagwe, schools, warrants, arrests and laughs in the BSAP and those magnificent men in their Steam machines of the Rhodesia Railways. The laughs and fun times at Llewellyn, Brady, Kariba and being surrounded by elephant in the valley will all come together amongst sport, theatre and industry of our country. The tone and spirit of this publication will be light-hearted fun times. Poems by Hilda Richards, "Lo Brudder kamina maningi sik" -- "n'Kosikass's Keys" summarise the ethos. If your cook or tractor driver has

planted fond memories, please share them. Our forefathers are an exceptional group of men and women and the subject matter of their experiences is endless. They created and developed a profound national spirit, leaving us a proud and wonderful legacy. All well labelled photographs and articles will be evaluated. Interested contributors should submit articles, Discs, CD's photographs, and information to:- Sable Publishing House, PO Box 52, Ilminster TA199XY United Kingdom email: Editor@Sable-Publishing-House.com
